Customer Reviews

I babysit for friend's children and am a big supporter of quiet coloring time to help with their manual

dexterity, as well as stimulate their imaginations while teaching them their colors, but I personally have not colored in a coloring book for years. As an adult, it seems I am always too busy to sit down and allow my inner child to have some Healthy coloring book fun. That is Until I ordered this Grown Up Coloring Book by Love Live Color! What a Fun, Relaxing way to set aside my busyness and allow myself to get in touch with my Quiet, Creative side, which has been sorely neglected for too long a time. This 8 1/2" x 8 1/4" Soft Cover, Grown Up Coloring Book Volume 1 offers a Really Nice Variety of 48 Different Mandalas which are approximately between 6" and 7" in Diameter. I like that Love, Live, Color has included both Extremely Intricate and Mildly Complex designs, so I can choose according to my level of concentration. I also appreciate that the Lines in the designs are Clearly Defined, so I do not need a magnifying glass to see where to put the tip of my colored pencils. The Back Side of Each coloring page offers a Lined Journal Page, where I can jot down any thoughts or feelings that rise to the surface during my coloring sessions. Initially I questioned the need for them, but I am quickly learning that when I allow myself to slow down and concentrate on coloring these Mandalas, my heart opens up and I find myself with a desire to express myself in writing, so I am glad that these Journal Pages are included. I am so grateful to have been given the opportunity to purchase this Grown Up Coloring Book at a reduced cost in exchange for testing and review.
