Semi-Human: (an Adult Paranormal Romance) (Harper Hall Investigations Book 2)

Synopsis

Harper Hall finally has everything she ever wanted. Thriving paranormal PI business? Check. At least some control over her psychic ability? Check. Smokin'™ hot ex-slayer fiancée? Check. But Harper's plans to grab the first ordained Elvis impersonator she can find and marry Noah Riddick on the Vegas strip "sans drama" are shot to hell when her old business partner shows up and makes her an offer she can't refuse. And if she tries? Well, let's just say she might not live long enough to regret it. In the course of their elopement from hell, Harper and Riddick find themselves entangled with the paranormal mafia, dodging creepy vampire ménage action, and participating in the supernatural equivalent of Fight Club. First rule of paranormal Fight Club? There are no rules. And, oh yeah, don't die. Seriously, what's a girl gotta do to get her happily ever after? Semi-Human can be read as a standalone, but works best if read as part of the Harper Hall Investigations series (Book 1: Semi-Charmed). This book is intended for mature audiences. This book is not intended for anyone who doesn't enjoy smart, snarky heroines and dark, brooding heroes, and who doesn't appreciate a plethora of nerdy pop culture references. For the rest of you: happy reading!

Customer Reviews

A fun and sexy, sweet and exciting story about a smart, witty and kick-ass heroine, a swoony, intense and equally badass hero, their whirlwind engagement and a motley crew of loveable secondary characters that help them defeat the paranormal mafia in order to get their happy ever after. •Who knew that eloping to Vegas would be even more dramatic than one of her family's traditional weddings? •Harper Hall's version of normal is slightly different than everyone else's. On any given day, she and her ex-slayer fiancé could find themselves following and taking down vampires in a strip club before lunch and then having dinner with her peculiar and unpredictable family. But she wouldn't have it any other way. And now it's only getting better because she's eloping to Vegas with Noah. Who would have thought that a reappearance by her ex-business partner would thrust them into deadly paranormal mafia affairs? Noah Riddick had been merely surviving until he met Harper. He'd never known love until her. Fearing he was too dangerous to be around normal humans he had alienated himself from every one. Although he never felt he deserved her, for Harper he would do anything. He would protect her until his last breath and control his inner demons. But will the extreme conditions and no rules fights Riddick is forced into snap his control? Will he push her away before it comes to that? Semi-Human made me smile right from the start and straight until the very last page. Ok, maybe there were a couple of icky body dismemberment parts, but that's par for the course when you're reading about an awesome dynamic duo that take down paranormal baddies for a living.
