## Customer Reviews

The order of her books is easy to find on Diana Gabaldon's website, and on most of the fan sites I've been on. Save your \$1. The first 3 books, in order, are Outlander, Dragonfly in Amber and Voyager. Lord John novels come in after Voyager.

I absolutely love all Diana Gabaldon's writing but especially the Outlander series. If you haven't read the books yet - DO. It's soooo much better than the tv program. I can't even watch the show, it's so bad in comparison. I have read all the books in the series 3 times and am getting ready to begin again. This book "Series Reading Order" will let you know which one to begin with and in what order to continue,

This was pretty useless. I can't believe I was tricked into paying for so little information. I could have looked this up on Diana's website.

The Outlander Series is awesome. This tells you publishing order, not reading order. Go to the authors website, she has a list telling you where the novellas and short stories fit into the novels and which to read when.

Very helpful. I read the first two books in the Outlander series many years ago and was delighted. So, when I saw that the Stars show Outlander was coming, I looked for other Outlander books . I had difficulty with sequencing. This book gave me this much needed sequence. Thank you.

I hoped this would help me place the various stories into temporal order (e.g., Where do the Lord John stories fit in the timelines of the main Clare and Jaime novels?) but no luck. It lists all of the stories in separate sections by main character (e.g., There is a list of Lord John stories.) so THAT aspect was very helpful and appreciated. I realize these stories are deliberately written so they could stand alone or be read out of order but for the OCD it can be torture when one stories alludes to something that was missed by jumbling them up.

This book is the instruction guide to the Outlander books written By Diana Gabaldon. I purchased it because there are so many books in this series and spin off books and I wanted to follow them in the order that they were suppose to be told. While each book could be read as a stand alone book. I wanted to know everything about the characters that she has created. Outlander is a time travel/romance story which included a lot of actual historical events. It for me has been a series that I can read over and over. Anyone who is beginning down the Outlander journey should purchase this book and read the series as they were written. What a joke! This is nothing but a list of Gabaldon's books by publication date. I would have returned it for a refund, but I got it through Kindle Unlimited.
