Tarot: A Beginner's Guide To Reading Tarot Cards (Tarot, Tarot Card Decks, Tarot Deck) (Volume 1)

Synopsis

Learning to read Tarot cards is both, exciting and fun. As a beginner, you might find it a little challenging, but with time and practice, you will certainly start enjoying the reading more and will become better at it as well. This guide will help you gain insight into what tarot is, how it came into being, the uses of tarot cards, reading the Major Arcana cards and interpreting their meaning, and combining different cards. It will teach you the steps you need to take to read Tarot cards.

Customer Reviews

I like this book. Its well worth the cheap price. It starts out with an introduction. Then, there are two pages for every card in the deck. On page that describes the card and its meaning, an a picture of the card on the opposite page. That is for the bigs ones. Then it has a page for every other card. There is stuff of how to read. There is stuff on horoscope signs and numerology. There is a glossary of symbolic terms. The tarot defined, History of the tarot, The major & minor Arcanas How to read the cards, The tarot and meditation Systems of occult though that illuminate the tarot: the tarot and numerology, the tarot and the kabalah, the tarot and astrology Its about 250 pages, semi-small print. I use this book all the time. And it is light so you can bring it with you places.

I love to play Tarot cards and this book have sufficient knowledge for start playing. Tarot card spreads are just as important in Tarot readings as the cards are themselves. Each card position adds a different flavor to the overall meaning of the card, which creates a unique outlook for the complete interpretation. A Chariot card would mean something a little different if itâ™s in a spot that

represents upcoming obstacles compared to when it sits in a place that means underlying strengths. There are many hundreds of existing Tarot spreads, and there is nothing stopping you from even designing one of your own. The book is well written and easy to understand thanks.

There are two ways to learn how to read tarot cards. This book taught me read the cards, what major arcana cards are and the meaning of the 22 cards and I can say it's very interesting. I also learned how to spread the cards and what and how I need to spread them. Being calm before reading the tarot is substantial to correctly interpreting the meanings of the cards you draw. The book contains a lot of good advices.

i love this book . i always wanted to know how to read the tarot cards , and this guide is a little gold mine , all i needed to know is in there, well written, detailed , easy to read and understand.this guide is full of really good descriptions and every card of the tarot is now not a mystery anymore,i highly recommend this book to anyone wanted to learn how to read the tarot

Truly a beginner's guide. Short and to the point. Loved how each cards are explained with pictures and gave a short brief on how to interpret them.I've always has a fascination about numbers and astrology, specifically on tarot cards!Looking forward to practice and learn more :)

The tarot refers to a pack of playing cards. Originally, it was referred to as trionfi; its name later changed to tarock and tarochi. This book is a great guide for those beginners who wants to learn tarot and its techniques. Tarot reading is incredibly exciting.

Tarot cards are something I don't believe in, but it was something I always wondered how it worked. It's a pretty interesting concept and Alan does a great job of simplifying everything for a beginner like me.

This is a great introduction for people just starting out with Tarot. This solid guide opens the door to your imagination and intuition. A welcome start to get in touch with yourself, explore and create your journey. It is also a great book to keep as a reference guide to the cards' meanings.
