Time And Again

Synopsis

Rediscover the beloved classic, *Time and Again* "hailed as "the great time-travel story" by Stephen King, now with masterfully restored original artwork and an all-new foreword by Audrey Niffenegger, New York Times bestselling author of *The Time Traveler's Wife*. When advertising artist Si Morley is recruited to join a covert government operation exploring the possibility of time travel, he jumps at the chance to leave his twentieth-century existence and step into New York City in January 1882. Aside from his thirst for experience, he has good reason to return to the past—his friend Kate has a curious, half-burned letter dated from that year, and he wants to trace the mystery. But when Si begins to fall in love with a woman he meets in the past, he will be forced to choose between two worlds—forever. Praised as "pure New York fun" by Alice Hoffman, *Time and Again* is admired for its rich, painstakingly researched descriptions of life in New York City more than a century ago, and for the swift adventure at its core. With digitally remastered art, fall in love with this refreshed classic all over again.

Book Information

Paperback: 399 pages

Publisher: Scribner Paperback Fiction; 1st edition (February 1, 1995)

Language: English

ISBN-10: 0684801051

ISBN-13: 978-0684801056

Product Dimensions: 5.2 x 0.9 x 8 inches

Shipping Weight: 14.9 ounces (View shipping rates and policies)

Customer Reviews

Author Jack Finney (1911-1995), among his other writing accomplishments, penned two great, influential science-fiction novels: the 1955 alien invasion story "The Body Snatchers," the source for three great movies (with "Invasion of..." usually tacked onto the front), and this 1970 subtle romance about time travel. It's a novel that many people hold close to their hearts, and like the movie "Somewhere in Time," has the magic to allure you with the wonder of traveling back to a simpler time -- 1880s New York in this case -- and exploring in depth a world so unlike your own. Finney,

with meticulous detail and the support of numerous old photographs and drawings from the period (this is referred to as an "illustrated novel") recreates New York in 1882, letting us and the main character, Si Morley, marvel as we walk over the old streets, see places where one day great skyscrapers will stand, gaze on a traffic jam of hansom cabs, discover the arm of the Statue of Liberty sitting in Madison Square awaiting the rest of its body, play old parlor games in a boarding house, and look at Fifth Avenue when it was a thin street of trees and apartments. People who have lived in New York will especially adore these descriptions of the vanished city and the comparison Finney makes between the "modern" city (1970; vanished now to us as well) and the 1880s city. However, even if you've never been to New York in your life, you'll feel like you have after reading this. That's an incredible compliment to pay to a writer. "Time and Again" won't please readers looking for quick action and thrills. It is a leisurely book that takes its time to build up the central situation: the U.S.
