2015–2016 Official Rules Of The NHL

Synopsis

The complete go-to resource for all the latest information on NHL rules changes and updates. Extremely thorough and expertly detailed, this guide is the most valuable resource for referees, coaches, leagues, and serious fans of the National Hockey League. The singular resource for the official rules of the game, updated for the most recent changes, this book includes everything that is necessary to know in order to be a professional hockey expert—on or off the ice. From puck dimensions to penalty calls, and with informative diagrams and a complete index, nothing is overlooked in this essential hockey reference.

Customer Reviews

I buy this book every year. A MUST for any serious hockey fan. Loaded with stats enough to keep an accountant happy. I have only 2 gripes. 1) hockey is a very family oriented game. In each player's bio, a line or 2 could be dedicated to which players are related to current or former players, coaches, etc. 2) I know this would add significantly to the page count, but a couple more pages added to each team's entry. These would list year by year record vs each team, and a list of every former player with stats while with team. Just a thought from a student of the game.

Great reference when watching the games...

My kids get me the new edition of this book every year for Christmas. If you're a diehard hockey fan,

this is fun reading and a useful reference book as well.
