Customer Reviews

This book is for anyone who is a golfer or anyone you know who is a golfer. Chuck Hogan makes learning golf easy, the way it should be, and fun. After reading the book I broke 80 for the first time. I have only been playing one year. You will learn how you learn and what to learn to play better golf and enjoy yourself enjoying golf.

As soon as you start reading Chuck Hogan's insightful, humorous approach to golf, you know you're in the hands of a true master. He immediately lifts you far beyond the current myopic syndrome of golf as a game ruled by swing mechanics and stroke-saving gimmicks. Right away, you're on a fun-filled ride of revelation about how YOU work, how you can take creative control of your golf game and, by inference, the rest of your life as well. Instruction on golf mechanics is like teaching a child grammar and vocabulary, the physical tools of the game - which certainly has its place in the golfer's curriculum. But, as Chuck reveals in all his teachings, that's not the end but only a starting point for learning the exciting game of true golf. It's about re-discovering your own power to create

what you want, instead of just endlessly wishing for it. His instruction is refreshingly sincere and unpretentious, filled with enlightening yet easily understandable ways to create a living masterpiece of your golf game . . . and yourself. Chuck has cooked up some of the finest golf soul food, and it's lots of fun, too - so take a big helping and enjoy.

Great book. Order received ahead of promised schedule. Product exactly as advertised.

Very easy to understand for a golf beginner and "dummy" like me.

Good instruction book. A good read. Recommend it highly.
