## Customer Reviews

I have purchased a lot of bike guidebooks, and the Moon series consistently have the best maps, local info, descriptions and ratings. This guide is no exception. I have only ridden a couple of the trails so far, but I was well prepared for them and found my way with this guide. I wish Moon would offer a guide to the Wasatch Front in Utah where I live.

Glad I got it because I've learned about trails that I didn't know existed.
