Three Ways Of Peaceful Suicide

Synopsis

I present three guaranteed and innovative ways of peaceful and painless suicide. The criteria of peaceful means that there is no violent struggle like in asphyxiation from hanging, pain due to burning, fear due to jumping from a building and such. This book does not provide the reader with paragraphs of coping up with helplessness or guilt. The author assumes that suicide should be a right of the human body and provides precise to the point information which will be helpful in attaining the reader's goal efficiently.
