Customer Reviews

Would not recommend this to anyone, maybe only to someone who has never played cricket before... When a book on cricket says something as ridiculous as "The Sri Lankan legend, Brian Lara, executes" you know how well written that book is. A number of the pictures in the books where the subtitle says here's a drive, a back foot shot etc., do not seem to relate to the pictures and / or what the batsman in the picture appears to have done. This is a sad compilation of some classic cricket pictures with a ton of general BS! DO NOT BUY!
