Customer Reviews

Get your crayons, markers, coloring pencils and any other coloring media ready for this challenging book that will encourage you to think creatively and outside the box. This is definitely an adult-coloring book, as there are so many small spaces that you will be coloring, but the images are striking and will stand out completely when finished. This is a book that is remarkably created and you will be amazed at the detail that has been put into every page!*I received this for review - all opinions are my own*

Love the detailed pictures.
