Pathfinder Player Companion: Armor Master's Handbook

Synopsis

The most experienced combatants know the best offense is a good defense! And the best defense is one that uses armor to the best possible effect with the secrets inside Pathfinder Player Companion: Armor Master's Handbook! From shield style feats and advanced armor mastery to ways to use the weight and bulk of armor to your advantage, this guide to heavily-armored heroics has new options for every iron-clad character. In addition to class options and abilities, this Player Companion also includes dozens of new magic armor options covering all types of armor and shields, as well as combat tricks and a stamina system sure to see you through nearly any scrap unscathed.

Customer Reviews

A very nice collection of rules ideas for buffing up your fighter types AC and even damage potential while wearing armors and using shields. Plus ideas on armor/shield enchantments, and a few pages of already created magical armors for our perusal are included.

I play a lot of tanks in RPG's so I'm always looking for ways to make myself better able to defend my party. I bought this book on the assumption that it was catered to heavy armor and was pleasantly surprised that it catered to light, medium, and heavy armor making a more versatile for other characters I play, as well as to the rest of my party. Containing new traits, feats, enchants, specific armors, tricks, and more it is getting plenty of use. I wish there were more feats that weren't part of a tree, but nothing's perfect, and when the only complaint is you wish there was more it's a

good product. No regrets.

Not the best supplemental book but not the worst. Really should just be a 2.5/5 stars, much of what is in here is not useful. And I mean that both in a game mechanics and in role play.
