Customer Reviews

Overall it was great. I liked how Bolt worked up the courage to finally ask Blizzard out, and because she also had feelings for Bolt, their relationship worked out great. I hope the invasion takes two books to finish, because it will be much harder to stop the Pokacu this time.

I write this review happily. This book was well written. I think grandmothers vision about the angels

was the aliens from the last book, especially based on the ending. I can't wait until the next book!

I think this was the best book out of this hole series. The only thing I didn't like was when he didn't know things that were pretty obvious.
