Sidney met Kaeden in a very unusual way during a thunderstorm; lightning struck and she saw a bear in her back yard. When she turned around to look out the patio door, she saw a naked man who was unconscious. She took a sheet off of the clothesline and covered him. She went back in the house to call for help. The doorbell rang and her mother came into the house and started giving Sidney the third degree when she stopped talking and stared at Kaeden. Sidney said he was her date to the two weddings that would take place in a couple of weeks. This book is a sweet love story that includes bear shifters. This story is worth reading to find what happens next. Enjoy!

Sydney Lewis, a librarian and maid of honor in her cousin Cloe (who we met in HUNTER BEAR) and her best friend Eve (who we met in BEAR COP) 's wedding. She was looking for a date to go with her to the wedding but as always no one wasn't jumping at the chance to fill the spot. That was until she found a naked man on her patio, nursed him back to health. There was an instant attraction between the mystery man and Sidney. Everything was going well, only to have her mother show her at her place which put Sidney in an impossible situation. The quick thinker that she was, Sidney informed her mother that Kayden was her date to the wedding. That piece of information made the older woman's day. Kayden Hunt, a bear shifter helped his clan escaped from a cruel and dangerous Alpha. He's been looking for a place for them to call home, he made it to Linden Creek and he would be to sad if he and his clan settled there. When he found himself wounded and unconscious on Sidney's doorstep he never expected that the woman who tend to him would chance his life. Linden Creek seemed like the perfect place cause it was vast, beautiful and it was where his mate lived. When his past found him, Kayden did what any person would do to protect his loved ones. WEDDING BEAR is the third book in Zoe Chant's ENFORCER BEAR series, this book was fabulous. Loved the family reunion between Chris, Stevens and their estranged brother, Logan.

Another great treat for the paranormal bear shifter lovers. This one is a rather sweet and hot sexy story. When Kayden Hunt comes charging into Sydney's garden during a terrific thunderstorm as huge bear, life as she knows it is about to take a left turn and head west. Kayden is on the run from his brutal clan and his alpa's second in command. He has broken off from the them and in the process some of the others have decided to fallow him into what they hope will be a new and better life. The old is into brutality, and crime and it's members are cowed by an Iron Fist in the Iron Claw Clan. Sydney is the eternal Brides's Maid never the bride and when Kayden shows up and turns up nude on her porch and then stumbles into the middle of her living room, just as her mother arrives to harangue her about not having a boyfriend or a even a date for her sister's wedding: well things just

fall into place. She introduces him in his bed sheet covering as her date for the wedding. The story heats up and things happen. I know you will really like this one.

Badly needed editing. With that said, this was a very cute love story. Initially, I did not care for Sidney. She seemed to lack confidence and it bugged me. Throughout the book she learned to love herself, while falling for the gorgeous Kayden. He is hot and has the biggest heart. This is such an adorable love story. Love of oneself, family and friends. I took a star off for editing. Editing is important. Sometimes it's so bad it disrupts the flow of the story. Highly recommend if you're looking for a quick short read. Enjoy!

Overall enjoyed the love story between Kayden & Sidney. This was more of one person trying to find a safe haven for themselves and their charges. While another trying to obtain acceptance from their family. What both find is love and acceptance of themselves and each other. This story has some twist and turns that will have you saying oh no. Sex scenes are tasteful.

Book was good, but not great. There were some very blatant errors that any proof reader should have caught. One of the most blatant ones was the bear chasing Karen and his clan, most of the time he was Blood Claw, then all of a sudden he turned in to Blood Paw. Unacceptable! Characters could have been better developed, and there was a lot of repetition of dialogue.

This was a book that makes you feel good after you read it. Shifter books are the best, there is violence but it is always because the bear is protecting his mate. Don't we all wish our husbands were more like the bears? The characters in the story were so realistic. The end of the book was great, but you have to read the book to find out what happened.

I read this straight through. This is a cute and sexy story that has a steady plot. The characters were likeable and easy to understand. Sydney is like everyone's best friend and you are happy when she finally gets a good guy.
