# Violet's Wish

## Synopsis

Be careful what you wish for; you just might get it. Violet did. After her husband died, she swore off lackluster men and a dull life. She wished for someone to put a sparkle in her eyes and excitement in her life, like an old love did year ago in Blue Ridge, Texas. Little did she realize that when she made the wish it was already in the process of being granted. Orrin Wilde did. He wished he'd never chose the lure of the gold mines over the love of his life. But his sins are coming back, screaming for payment. Four bandits follow Orrin for days and finally catch up with him outside of Guthrie, in Oklahoma Indian Territory. He tries to outrun them, when they wing him. He rides down Main Street and, unable to find a doctor, he crawls up on the porch of the last house in town. Violet hears the thud when he falls and finds him bleeding and unconscious on her front porch. If Violet had been doing the shooting, Orrin would be graveyard-dead. Eight years before, he ruined her reputation; now, he was ruining it again. Orrin still loves Violet, but after the trouble down in Texas she refuses to trust him. Suddenly they wonder why they ever made such crazy wishes after all. Will they ever find forgiveness in their hearts for past mistakes and go on to a love-filled future?

## Customer Reviews

If you haven't read Violet's Wish, I urge you to go to your local library and check it out. Even better

go out and buy it. You will not be disappointed. The second book, after Emma's Folly, and one that will hold your attention from the first page to the last is a delightful book read. From the moment that the wounded man falls on Violet's front porch to the last page where your heart leaps for joy because of a happy ending, you are on the edge of your seat with this book. And when an unmarried woman, even a widow woman allows, an injured man to enter her house, you know there is going to be talk abounding everywhere. There's always that roaring gossip that some people can't wait to spread like a wildfire. You're right, the woman that we wanted to stomp to put those flames out is back. Can anyone forget Anna Marie from the first book when she tried to keep our Emma and Jed apart? She is back creating mischief again. The characters in this book will have you laughing and crying. When Jim finds out about the person staying with Violet, naturally he has to head straight over and voice his opinion, being a man and all. I couldn't help but to laugh out loud with some of his comments he directed to Violet. This is truly a wonderful book to read. When Violet soon discovers who the injured man is, she realizes she knows him. The memories all come flying back even thicker than before. A love that has been burning inside the two people, all these years, still consuming them as they banter with each other over the littlest things. Even the little episode with the puppies was heartfelt. Puppies and children have a way of bringing grown-ups to their senses. You couldn't help but feel no matter how hurt the two had been; their loving hearts was like the coals of a dying fire still lingering.
