# Double Dragons Boxed Set: BBW Menage Shifter Romances

## Synopsis

Three hot and sexy dragon menage romances at the incredible price of .99 for a limited time! Welcome to the world of dragons, fire-breathing enforcers of the shifter world who possess special powers and do everything in pairs. Strong, sexy and unimaginably wealthy, the only thing these dragons need is a sexy mate to complete their triads. Enjoy all three complete and separate stories in a best-selling series with over 400 five star reviews!

**Double Dragons** Ran and Draven need a mate now. As the black and gold dragons of their region, their very lives depend on finding the right woman to complete their triad. And when they find and rescue Melissa, a quiet librarian who has gotten in way over head trying to do the right thing, they know she's the one. If she agrees to be their mate, she'll have full access to the men's hearts, wealth, and incredibly generous love-making. But in return, she'll have to put everything on the line, including her own life, as she enters the dangerous world that the dragons call home.

**Desired by Dragons** When Tara jumped into icy water to save a drowning child, she was expecting to die. Instead, she wakes up to find that two tall, beautiful men with rare powers want her for their own. Tara's intrigued by the dragons and the off-the-charts sexual chemistry she feels with them, and agrees to spend a week figuring out if she can really belong in their world of magic and adventure. But the dragons aren't the only ones who want Tara forever, and an obsessed ex from her past may bring the dragons the biggest challenge they've ever faced. Drake and Quill will have to put the past aside and learn to work together if they want to attain their most important goal: protecting their mate.

**Destined Dragons** Sterling and Gentry are the powerful leaders of the New York dragons and still looking for the perfect mate. From the moment they meet the brave, independent, and curvy Roxy, they're sure she's the one for them. Now they just have to show her all the reasons she should be the mate of two sexy, capable dragon shifters who live for nothing but to please her, while keeping her safe from the men still stalking her. But while things quickly get hot between Roxy and her sexy shifters, evil forces are also building to mount an attack. If the dragons want to protect Roxy from the most dangerous foes they've ever faced, they may have to make choices that could lose her forever.

**Warning:** Each of the Dragon books is a standalone novel with no cliffhangers and two sexy, stubborn dragons who might just light your fire. However, each also contains adult-level sexiness and some intense action scenes and is meant for mature readers only. Enjoy!

## Customer Reviews

This box set has three of the best dragon shifter books all in one! These are the reviews I wrote when I read them separately. Double Dragons Terry Bolryder portrays the existence and lives of dragons in a way that is unique to any I've ever read before. It is thrilling and exciting to immerse myself in her imagination. She writes the world of dragons as protectors that work in pairs; each having one particular gift that compliments the other. Draven and Ransom are an unusual pair in that the kind of Dragon Ransom is has never paired up with the kind of Dragon that Draven is. (I would go into more detail, but I don't want to ruin the story.) The dragon pair is looking for a mate as a past attempt proved unsuccessful and has soured Draven on any future attempts. Ransom is an optimistic fellow and can't wait to try again. Then enters Melissa; she comes into their lives during a mission where the dragons must stop a gang of 'human' traffickers, who are actually wolfs, but whatever. Melissa is a champion for the underdog and even though she doesn't have a chance of stopping the bad guy, she can't let the little girl suffer alone. Melissa turns out to be quite perfect for the dragons and the dragons are perfect for her, but Draven takes a bit of convincing to go along with the plan. I would recommend this book to everyone who loves shifter stories, steamy sex scenes, and a new take on dragons. I hope Ms. Bolryder plans on writing more about other dragon pairs or single shifters along the same story line. Desired by the Dragons This is the second dragon book of this series and Ms. Bolryder lives up to expectations! She introduced Drake and Quill in the

first book and I thought Quill was gay and Drake was a jerk.
