## Customer Reviews

It is a great book for beginners. It gave me sooooo much information and we are total newbies to rving. We have a 5th wheel for the first time. NO IDEA about it but soooooo excited. This book gave us a checklist of things to check before cruising. I feel so much better now. It is a lovely book to have for reference and I think it will help us cut down on bad things that can happen. I totally enjoyed reading it and it gave me the confidence I was looking for to BEGIN our Great Adventure Time.

I'll be getting a travel trailer within the next year and was looking for information on how things worked and what to expect. This little book had a lot of good tips on travel trailers that I didn't see in other books.

Mixing one cup of Dawn dishwashing liquid with a gallon of water down the toilet to help wash out the tank was a great tip!

Being a brand new travel trailer owner, I found this book very helpful. I keep it loaded on my kindle and refer back to it often while camping.

Very good and basic information. And easy to understand instructions. Perfectly for the beginner and a great refresher for the experience.

A very good resource and as a Springtime camping refresher. Written by a seasoned RV veteran who was thoughtful enough to jot down many of the "little" things that are assumed as "common knowledge". Many of the suggestions are golden nuggets of information that will go a long way in enjoying my RV use from A-to-Z. I appreciate the details, important stuff I've forgotten. And this is a great addition to my Kindle arsenal on RV life. Very easy reading, informative and succinct.

Recommend!

Downloaded this to my ipad. I found a few new tips in it I could use. You can't beat the price.

Good information. Quick and easy to read. For the beginner RV-er.
