## Customer Reviews

This is a GREAT book!! I love how it is organized by the geographic area of Michigan as well as for the different interests in camping (i.e. great for kayaking, great for families, great for privacy). Lots of historical information on each campground and there are many listed I wouldn't have known about otherwise. Highly recommend it for people that want to explore tent camping in MI.

Great book! We have already used it to pick out our last camp spot. I do wish it had a few private campgrounds in it also. Still nice even my parents have borrowed it to check out a couple of places.

good read
