Intermediate Algebra, Books A La Carte Plus NEW MyMathLab With Pearson EText-- Access Card Package (7th Edition)

Synopsis

Books a la Carte are unbound, three-hole-punch versions of the textbook. This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book. The Tobey/Slater/Blair/Crawford series builds essential skills one at a time by breaking the mathematics down into manageable pieces. This practical "building block" organization makes it easy for students to understand each topic and gain confidence as they move through each section. Students will find many opportunities to check and reinforce their understanding of concepts throughout the book and its MyMathLab course. With this revision, the author team has added a new Math Coach feature that provides students with an office hour experience by helping them to avoid commonly made mistakes. With Tobey/Slater/Blair/Crawford, students have a tutor, a study companion, and now a coach, with them every step of the way. This Package Contains: Books a la Carte for Intermediate Algebra, Seventh Edition MyMathLab/MyStatLab Student Access Kit

Customer Reviews

The textbook is good as far as examples are concerned, and the chapter units are brief. It allows you to try problems, with answers in the back which show steps. When working in MyMathLab I prefer the videos or animations because they show the same kind of the problem you are working on, unlike the textbook.

The book is pretty big so the loose leaf idea is pretty awesome. You can just take the section you

need instead of carrying the whole book to class.
