Aliens In America: A UFO Hunter's Guide To Extraterrestrial Hotspots Across The U.S.

Synopsis

You don't have to be an avid hunter to enjoy the many UFO hotspots in the United States. Nor do you have to have any special clearance to pull your car up along the "Alien Highway" outside of Area 51 to watch the UFOs dance in the nighttime sky. Enthusiasts and vacationers looking for out-of-the-ordinary excursions just need this unique user's guide to the most historic UFO hotspots around. Inside is classified information from across the nation, such as: The Hudson Valley Triangle--New YorkThe Kokomo Lights--IndianaThe Great Lakes UFOs--MichiganThe Maury Island Incident--WashingtonThe Gulf Breeze Sightings--Florida Whether they're driving, camping, or flying, this book is the only guide readers will need to learn the story behind the hotspot, find the best hotel or campsite--and catch a glimpse of our friends in the sky.

Customer Reviews

Regardless if you're a hardcore UFO enthusiast or just someone wanting to plan a unique road trip, this book is perfect for both. Not only is it a great introduction to some of the most influential UFO stories in history, but it also doubles as a great road map/destination guide for those deciding to actually venture to the many "UFO Hot spots" as they are called within the field. It even gives you

directions and a list of dining, hotels and other various travel worthy necessities privy to each area at the conclusion of every chapter. All in all it's a wonderful book from the host of History Channels' "UFO Hunters" that can be enjoyed by newcomer or elite UFO aficionado alike.

No one knows more about UFOS than Bill Birnes. You may not agree with him all the time, but hey, he knows how to present and document his cases. After all he has more than 30 years of experience in ufology. *Aliens in America* is an excellent reference book to cases that take us to aliens hotspots. Read and learn from Bill.

The book was a pleasure to read and Mr. Birnes knows what he is talking about. I liked the way the sections also give the locations of places of interest with each chapter. I think it was worth the money and will try to find more books by this author.

Very interesting little book. Part UFO history part travel guide.

Great condition
