This new edition is a must have for individuals in the performance training field. It provides a comprehensive list of drills for speed and agility that apply to numerous sports. I have the 2nd version and loved it, so I figured I'd purchase the 3rd edition. There's some new stuff and updated content, so I feel that it's worth it in the end.

Everything came as expected. It shipped fast, everything was brand new and unused. I would definitely refer to others.

Great follow up to the last edition. Not just a "re-boot", but fresh new info presented in a great format.

Nice and handy for any strength and conditioning coach
