## Born To Run (North Oak Book 1)

## Synopsis

Alexandra Anderson is on the run from the law. When the thirteen-year-old orphan can run no further, she collapses at the gates of the prestigious racing and breeding farm, North Oak. Horse racing strikes a deep chord in her. She hears a higher calling in the jingle jangle of bit and stirrup and in the thunder of hooves on the turn for home. It tells her she has a place in the world. But when the racing headlines find her on the front of every sports page, she realizes North Oak is no longer a safe haven. Money can't buy love, but it just might secure Alex's future. Will everyone at North Oak still want to offer her a home when they learn of her unspeakable crime? On the heels of Joanna Campbell's beloved Thoroughbred Series, and Walter Farley's Black Stallion, comes a brand new young adult horse racing series that will sweep you away like a runaway Thoroughbred.

## Customer Reviews

I was so excited to see another horse book . As I started reading , it became more than just a horse book . Welcome to the world of North Oak a breeding farm for thoroughbreds and let me introduce you to Alexandra Anderson. An orphan that has gone through so much in her young life . She is

trying to be tough and stay unattached to all people and feelings . When she is found and taken in she is scared and wondering if they will still want her after they find out the deep dark secrets that she is hiding When I started to read this book, I knew that this was going to be way more than just about a girl and her horse. The author takes on a journey of self discovery and what love can do to a broken soul. Her characters are complex and conflicted . The story line could be taken out of the pages of a newspaper. The horses are not put into the story line just for show . They are a big part of the story . Alexandra is a great character . She is trying to be tough but deep down inside she is a scared little girl. She has been through so much in her young life. But she is also a survivor, she doesn't want to get involved with anyone because of her past in the group home . She sees the love between the families but doesn't know how to react when they show her love. But as you read you see that Alex is starting to blossom under the care. She touches all the other characters in such profound ways. Especially Mr North who knows more than he is letting on. You can see how she has affected him and the rest as you read along . I read this book in an afternoon. There are twists and turns that will keep you reading. There is so much that goes on , you won't be disappointed.
