Customer Reviews

I always read every book I get. Reading this book was one of the hardest things I have ever done. The story is so disjointed I had to keep going back to see if I had missed some pages. Sorry I purchased this book.

I have never read any of Amanda Harte's books before and did enjoy this one. I would call it a

"beach read" but sometimes those are a nice break from the heavy reads. The story & the characters were interesting and kept me reading. I would try another one of her books and would recommend this book.

Rachel and her sister inherit a million dollars each from their grandmother...the only catch is she had to live in grandma's house for a year with a husband, she doesn't have. I was absolutely charmed by both the story line and the characters, which all pulled and tugged on your heartstrings. Ms. Harte did an amazing job in plotting this emotional story about a small town and families who had many things to settle from their early childhoods. The love story is intense. I highly recommend this sleeper of a book that I am sure has nowhere received the acclaim it deserves. A not to be missed book that will be remembered for a long time. A definite keeper. Kudos to Ms. Harte for a job well done.

Strings Attached was a very enjoyable book to read. It was a pleasant romance with a few twists and I liked it very much. I would recommend it to anyone who likes reading fun romances. Lucy Young

Story was ok, but editing was terrible. No new chapter for change of venue, sometimes next sentence on same line was a change of character & location, even a change in time. Freeze - even send ME a story, I'll edit it.

Marriage based on a money agreement has little chance of survival. Living with another person based on that money agreement is difficult and tense. The two people in this story discover a deeper reason to be together, a marriage based on mutual love. Enjoyable reading.

This is a modern romance book. This book has many episodes of what happens in the lives of the principal characters, which adds greatly to the interest of the reader. It is complete with a surprise ending.

I started this novel while in the process of moving. and wanted a very short but good read. and it turns out it was a great one amanda harte did a great job with her characters and as a guy it tugged at my heart strings. so to all those people who don't believe in love please read this novel in full .well done
